**Contact Person :** Mr. Bhawani Singh Khangarot, IAS ( Director)

**Mob :** 0522-2237180

**Address :** Babu Bhawan, Secretariat, Lucknow

**Company Profile :** Energy demand has been increasing steadily along with the development of the state. In view of limited conventional energy sources and their limited exploitation and increasing environmental pollution production of energy based on new and renewable energy sources and is being given high priority and promotion. New and greater chances are becoming apparent to participate in the mainstream of energy production. Along-with biomass and small hydro-electricity the ways are being paved for the establishment of major projects based on MW solar energy. Work in the State is being carried out towards grid connected Solar Power Generation and rooftop power generation. Undoubtedly, now we are moving towards the goal which was envisaged at the time of formation of the agency.

In April 1983 Uttar Pradesh Government created Non- Conventional Energy Development Agency(NEDA) under the department of additional energy sources as an autonomous institution. The institute has been renamed as "Uttar Pradesh New and Renewable Energy Development Agency (UPNEDA)". From the beginning, the agency is also functioning as nodal agency for implementation of various schemes in the state .
